

TEQtour Industry

Production with WEINMANN machines in the industry.

On **November 14, 2023**, in the run-up to this year's WEINMANN Treff (November 15-16, 2023), we invite you to the **TEQtour Industry**. At the TEQtour, we offer you the opportunity to visit two WEINMANN production facilities with a bus tour accompanied by our sales staff.

What awaits you on site?

Industry customer 1: Haas Fertigbau

Wall production consisting of carpentry machine with feeding portal, framing station, several tables, multifunction bridges and wall storage technology. Roof and ceiling production line consisting of a NC-axis table, several assembly tables and a multifunction bridge with lath placing function.

Industry customer 2: Huber & Sohn

Roof and ceiling production line consisting of two NC-axis tables, several assembly tables and two multifunction bridges with slat placing function.

The supply of food and drinks is provided throughout the day.

Participation in the TEQtour is only possible for visitors of the WEINMANN Treff. You can register for the WEINMANN Treff [here](#).

We look forward to your participation in the TEQtour and your visit of the WEINMANN Treff!
